In **August of 2019**, we met in Albert City, IA for the **Albert City Threshermen & Collectors Show**. We had an excellent showing of Massey tractors and implements. We had at least a 100 Massey Tractors, 5 lawn mowers, and about 25 combines and

implements. Some of the tractors and implements were able to be used and demonstrate their workings. Albert City had a demonstration called A Year in 60 minutes. It showed harvest, field work (like plowing), then planting of wheat. The show had many other things to look through and see with in the 69 acres. The Iowa chapter held their annual supper on Saturday night of the show. Thirty-eight people attended the dinner supplied by Sioux Food Center from Sioux Rapids, IA.

One of the tractors at Albert City was a 1914 Wallis Cub made by Wallis Tractor Company in Racine, WI. A local veterinarian was given several of these tractors for exchange of payment of services. Duane Junck bought this tractor in 2007. Restoration was completed in August 2011. The owner's friend drove it in the parade on Friday of the show.

Henry Hansohn of Deloit, Iowa purchased this tractor on February 25, 1938 from H.J. Peters and Sons, in Arcadia, Iowa for \$1029.00. This tractor has the Twin Power feature as well as the P.T.O. and belt pulley functions. Originally, on steel wheels, Henry later mounted rubber tires on factory wheels. He also purchased fenders for \$15.00, however he decided they were in the way and stored them. Henry used this tractor for plowing and cutting grain.

The original requisition, service manual and parts list are still with this tractor, along with the shipping tags which were attached to the tractor when it was delivered. Also, the letter Henry received from Massy-Harris explaining the fender, P.T.O. and light options are with this tractor.

This tractor is still in the Hansohn family and is currently owned by Henry's grandson, Steve Hansohn of Le Mars, Iowa.

At Massey Days in June 2019, I met Howard Dobbins from Durant, IA. Howard shared his 1953 MH 55LP with me. He brought his tractor to Tim Pace's house during Massey Days. Howard showed me the before photos. As you can see below, the tractor needed a lot of work to get it to look as nice as it does today. Howard also shared a photo of the rest of his Massey family!
