A Heritage Christmas

"A Heritage Christmas" was established in 2018 to exhibit our Christian heritage for the enjoyment of the Lanesville community and visitors during the Christmas Season.

It is our hope to expand this display each year with the help of volunteers and the support of local businesses. Your time, talent and treasure would be greatly appreciated.

If you are interested in sponsoring a display or volunteering your time and talent to create and assemble these displays, please call (812) 952-2027 and leave us a message. Thank you for your support in the past and in the future.

Lanesville Heritage Weekend Presents

Indiana Massey Collectors Association State Show in conjunction with Ferguson Enthusiasts of North America Regional Show

Founded in 1847 as Newcastle Foundry and Machine Manufactory, it became known by 1879 as the Massey Manufacturing Company. In 1891, a merger with A. Harris, Son & Co Ltd led to the name being changed yet again to Massey-Harris Limited, the largest agricultural manufacturer in the British Empire.

In 1953, Massey-Harris merged with the Ferguson Company (an independent company that had broken away from a joint partnership with Ford), to become Massey Harris Ferguson. Both lines of equipment were produced simultaneously until 1958, when the name was changed to Massey Ferguson as recognized today.

Today, Massey Ferguson Limited is a major manufacturer of agricultural equipment. Massey Ferguson is one of several brands produced by AGCO and remains a major seller around the world.

The National Massey Collectors Association is a chartered organization consolidating all interested parties in Wallis, Massey Harris, Massey Ferguson, and Ferguson tractors, related equipment, and memorabilia. This organization holds an endeavor to preserve the fine reputation and history of the men and women, the products and the memorabilia of Massey Ferguson line of companies. Come and join some of the nicest people old tractors ever collected!

FENA: the interest group of choice for Owners, Collectors, Restorers and Enthusiasts of Ferguson as embodied in The Tractors and Implements bearing the Ferguson Name.
