Plan now to attend the 26th Annual Power of the Past Antique Engine & Tractor Show, held at Forest Park, 302 North Locust, Ottawa, KS on September 11th, 12th, and 13th, 2020!

Hosting the Massey Expo of North America, featuring Massey tractors and Monitor engines, this show is much more than a gathering of gas engine and tractor enthusiasts.

Power of the Past Antique Engine & Tractor Show

Plan now to attend the twenty-sixth annual Power of the Past Antique Engine & Tractor Show, September 11, 12, 13, 2020. Ottawa, home of Warner Manufacturing and Union Foundry, is a perfect site to see the gas and horse-powered farm implements of the past.

This show is much more than a gathering of gas engine and tractor enthusiasts, although those are pretty amazing when all the engines are chugging at once! With the passage of time, many of our younger generation have never seen or experienced farm life in its heyday. We're creating a learning experience from this event, where the future meets the past.

We say to senior citizens in our community, come out and see the farm equipment of your youth. To the younger generation we say, observe an experience of a "pre-computer" age. Everyone should see the Power of the Past!

Upcoming Shows:

2020 Massey Harris/Ferguson Tractors Massey Expo of North America & Monitor Engines

2021 Minneapolis Moline Tractors & Ottawa Engines

2022 IHC Tractors & Engines

2023 John Deere Tractors & Engines

2024 Oliver Hart Parr Tractors

tors & Fairbanks Morse Engines
2025 Allis Chalmers Tractors & Maytag Engines
2026 Case Tractors & Witte Engines
