An Invitation to the Indiana Massey Collectors Summer Show

Greetings fellow MHFCO members. I'm sure that like me most of you would really like to be able to attend a nice Massey tractor show this summer. It so happens that a very good opportunity to do so is coming right up! Here is my personal invitation for you all to attend!

The Indiana Massey Collectors Association (IMCA) Summer Show is still a go! It will be held in Greensburg, Indiana, in conjunction with their annual Power of the Past show. The dates are August 20- 23, 2020. We have held our state show there before, and several of you have attended. With the cancelation of the MHFCO summer show, as well as our other surrounding state shows, we are hopeful that many of you will come and join us for some good Massey fellowship, and even look at some tractors and equipment while there.

We will be having a simple banquet on Saturday evening at the Extension office adjacent to the show grounds. We have requested in our IMCA Newsletter that banquet reservations be mailed in by August 1st. However, I will be able to add a few after that, so if you are interested, and it is after August 1st, please give me a call.

The Ferguson Enthusiasts of North America (FENA) had planned to hold their National show at LaGrange, Indiana. That was also cancelled. Of course, we always welcome FENA members to our shows as Ferguson is part of our Massey family. Since the LaGrange show was cancelled, we hope that many FENA folks will take the opportunity to attend our show in Greensburg.

The Greensburg Power of the Past show is held at the Decatur County Fairgrounds, just 3.5 miles off of Interstate 74. Please see the show flyer included in the newsletter.

If you have any questions or concerns, please don't hesitate to give me a call or send me an email. Hope to see you there!

John

Ken Booth

Kenneth E. Booth, 72, of Ashland, died Saturday, May 23, 2020 at his residence.

Ken was born January 25, 1948 in Ashland to David and Blanche {Stauffer} Booth. He served in the U.S. Air Force during Vietnam. Ken graduated from Ashland College with an engineering degree.

He married the love of his life, Sandi Cline on February 23, 1979. She passed on August 20, 2016.

Ken retired from Mowry Construction & Engineering, where he worked since he was 14 years old. He was a member of Yesteryear Machinery Club, Massey Harris Tractor Club and Ashland VFW Post 2331. Ken spent the last two weeks of his life with family and friends, laughing and sharing memories of a lifetime of happiness. Ken and Sandi had a blended family, but he never referred to his kids as step, just his kids. He loved and treated everyone as if they were his own and they were blessed to have him in their life.

Ken will be deeply missed by children Kim (Chuck) Fisher of Ashland, Jim (Jami) Drushel of Wooster, Mike Drushel and Jason (Cheri) Booth both of Ashland; grandchildren Emily (Christopher), Rebecca, Abigail, Josh (Katie), Nick (Heather), Emily and Mel; three great-grandchildren; aunt Jean Stauffer; friends Jerry Shearer, Dan Beach, Mark Heilman, Dan and Robin Beasley, Carl and Linda Fulmer, and Ken and Alyssa Tankersley.

Ken was preceded in death by his parents and wife of 37 years.

MAKING HAY THE MASSEY WAY

WHAT:

Be a part of the Legacy Quarterly Fall Issue.

HOW:

Send us photos and short stories about your haymaking adventures this summer.

Digital images preferred. Mowing, tedding, raking, baling and loading wagons, we want the whole haymaking process. Have a horse-drawn Massey mower, rake or hay loader? We would like to see that, too!

A 44-8? Made by Paul Harne from Wolfsville, Maryland. Look closely, It has a 250 engine from a 1936 Studebaker. The engine is a straight eight! Nice clean conversion.

Plan now to attend the 26th Annual Power of the Past Antique Engine & Tractor Show, held at Forest Park, 302 North Locust, Ottawa, KS on September 11th, 12th, and 13th, 2020!

Hosting the Massey Expo of North America, featuring Massey tractors and Monitor engines, this show is much more than a gathering of gas engine and tractor enthusiasts.

**Power of the Past
Antique Engine &
Tractor Show**

Plan now to attend the twenty-sixth annual Power of the Past Antique Engine & Tractor Show, September 11, 12, 13, 2020. Ottawa, home of Warner Manufacturing and Union Foundry, is a perfect site to see the gas and horse-powered farm implements of the past.

This show is much more than a gathering of gas engine and tractor enthusiasts, although those are pretty amazing when all the engines are chugging at once! With the passage of time, many of our younger generation have never seen or experienced farm life in its heyday. We're creating a learning experience from this event, where the future meets the past.

We say to senior citizens in our community, come out and see the farm equipment of your youth. To the younger generation we say, observe an experience of a "pre-computer" age. Everyone should see the Power of the Past!

Upcoming Shows:

2020 Massey Harris/Ferguson Tractors Massey Expo of North America & Monitor Engines
